Take your modeling and acting aspirations to the ultimate level and come to the city of movies and Hollywood stars - Los Angeles! Modeling Camp LA is a four day 'boot camp' program open to all girls ages 12-18.

This exciting, empowering camp introduces girls to the world of modeling and fashion and steps them through a series of workshops, photo shoots and daily challenges with top industry professionals. Girls learn about modeling in a fun, non-competitive environment and walk away not only with the knowledge of how to get in to the industry but with valuable life skills that they can apply to their everyday life.

The program culminates at the end of the four days with girls having the option to meet with top LA agents and casting directors. You could leave Modeling Camp with your own modeling contract! Or simply come and experience the world of modeling and fashion right here in LA!

Modeling Camp LA is held at the Crowne Plaza Beverly Hills Hotel. Discounted room rates are available to campers who choose to stay at the Crowne Plaza Beverly Hills.

HEALTH AND FITNESS

All girls should eat a healthy, well-balanced diet and maintain a regular exercise routine. Campers learn about health and nutrition and have their own personal yoga session with our Modeling Camp nutritionist!

AUDITIONS & CASTINGS

Auditions and castings are a part of every model's day - learn how to handle yourself and how to book your first job! Then take the toughest test and have a casting with a real LA agent!

Modeling Camp LA is 4 day 'boot camp' program designed for girls to have fun while learning about the modeling industry. Modeling Camp can make no guarantee that you will be signed by an agency or that you will be successful in entering the industry. Modeling Camp wants girls to know that it is not essential for you to complete a modeling program such as this one in order for you to meet and sign with a legitimate modeling agency.

MODELING CAMP LA TOP MODEL!

Every day girls are set challenges to accomplish by top industry professionals. Winners of the Modeling Camp challenges receive prizes such as extra frames in the photo shoot, extra takes on the TV commercial or more pictures for their portfolio! At the end of the program, a *Modeling Camp LA Top Model* is announced!

PERSONAL PRESENTATION

The way you present yourself is most important in the world of modeling and can make the difference between getting the job and not getting the job. Girls learn how to present themselves with grace and style. Learn how to select that 'winning' outfit, how to do your hair and make-up for castings and how to look polished and together all the time. Then take part in our Modeling Camp LA presentation challenge!

MODELING PORTFOLIO

Girls attending Modeling Camp LA will each receive their own portfolio book along with the best pictures from their photo shoot! This is a great way to present yourself to a modeling agency or simply a wonderful opportunity to get some amazing pictures of yourself!

Parents: One 8x12 shot of each outfit is included in your session fees. Additional pictures can be purchased separately.

A MODEL PERSONALITY

It's not just about taking a pretty picture – it's how you project your attitude in front of the camera! Your eyes, the way you hold your hands, how you stand, how you smile – girls learn how to project their personality gracefully on camera.
